TO: ALL OFFERORS ON SOLICITATION SP0600-97-R-0055 FOR DIRECT SUPPLY NATURAL GAS FOR  
THE NORTHEAST, CENTRAL, SOUTH, AND WEST REGIONS OF THE UNITED STATES

Dear Offeror:

In accordance with FAR Subpart 15.10, the following constitutes Notice of Awards under Solicitation SP0600-97-R-0055. Awards were made in accordance with Clause M700.100, EVALUATION FOR AWARD. Offerors are reminded that Source Selection procedures were used, and awards were made to the responsible offeror whose proposal represented the best value to the Government for each Line Item. Technical Experience and Past Performance factors were weighted more heavily than Price, which was weighted more heavily than Socioeconomic Commitment. Award information can be obtained through the document "Awards Made under Solicitation SP0600-97-R-0055" by visiting our web site at:

**<http://www.dfsc.dla.mil/main/a/gas/ngca.htm>**

Since line items may have been split and awarded under a combination of pricing structures, award information should be reviewed by installation name instead of line item number. This information will remain on our web site until March 1, 1998. If you do not have Internet capabilities, you may write or fax our office in order to obtain a printed copy.

Fixed Price with Economic Price Adjustment line items were based on the August 1, 1997 Supply Index Prices (SIP) and Transport Fuel Factors, except for line item 4005, PG&E, which was awarded on December 5, 1997 using a November SIP. Firm Fixed Price line items used a base price of \$2.342.

Awards of Line Items 1022, 1025, 2004, and 2006 are still pending. Notice of Contract Award(s) will be provided for these Line Items if and when awards are made. Line Items 1015, 1016, 1017, 1018, and 2013 were placed into our monthly buy programs for offerors awarded Basic Agreements. Line Items 1011, 1028, 2019, 2020, 3027, and 3028 will not be awarded based on economic analysis of offered prices.

There were 51 offers and 23 contract awards against this solicitation. There were also 24 Basic Ordering Agreements established for the monthly buy programs.

Your interest in offering on the Natural Gas requirements of this Center is appreciated. If you have any questions, they may be referred to Natalie Thunberg, Contract Specialist, at 703/767-8548 (phone) or 703/767-8506 (fax).

Sincerely,

ANNA L. KERR  
Contracting Officer  
Natural Gas, South and West Regions
